Dear Ms. Schenk:

RE: Delayed Certificate of Birth for Clara Roemer
State File Number 1912-366088

This certificate was filed in our office on 02/22/1943, more than one year after the child's birth. When a certificate is filed in this office more than one year after the date of the event the record is identified as a "DELAYED" certificate.

Current requirements for placing a delayed certificate of birth on file include listing a description of the documentation used to support the facts of birth on the delayed birth certificate. Listing a description of supporting documentation was not a requirement the year this birth certificate was placed on file, therefore we do not have any additional information to provide to you.

We suggest that you keep a copy of this letter for your records to present to any agency who may want additional information regarding the delayed status of this birth certificate.

Sincerely,

Ryan Jensen
